

To our Prospective Families:

Thank you for the interest you have shown in Little Lights Learning Center. LLLC is a community outreach of The Lighthouse Church offering quality Christian education to children and their families in our community. The staff of Little Lights commits to high standards of excellence in providing for the physical, social, emotional, intellectual, and spiritual well being of children.

From our opening in September 2002, over five hundred children have walked, skipped, or ran through the doors of Little Lights Learning Center. We have grown each year from our inception and have witnessed first hand God's direction and provision for our school. We are awed at the enormous responsibility that awaits us each year as we continue to touch the lives of the children in our area. We thank our heavenly Father and our Little Light's family for making these years such an enriching experience for our students and staff.

Little Lights Learning Center is continually striving to offer our families the best preschool and pre-kindergarten programs available in the community. What happens to your child before they reach the age of five has a direct connection to how they perform when they are 10, 15, or even 20 years of age. Here at LLLC we continue to seek programs that will help your child gain a strong academic foundation for elementary, middle, and high school achievement as well as character building and spiritual training.

We will again offer a five-day Kindergarten Readiness Program offered Monday thru Friday from 12:30 PM – 3:00 PM for the 2020-2021 academic year. This program allows further opportunities for your child to work on projects, experiment with practice skills presented, reinforce phonemic awareness, increase knowledge of counting and cardinality using various activities such as tens frame, etc., STEM activities and explore the basic concepts of time, money, and standard and non-standard measurements through fun, hands on activities supporting these exciting thematic units.

Beginning Monday, January 27, we will open enrollment into LLLC for the 2020 - 2021 school year. If you would like to secure your child's placement at Little Lights, please fill out the enclosed application and return it along with your registration fee as soon as possible. Placement into our preschool and pre-kindergarten programs will be on a first come first served basis. We will do our best to accommodate your request for a particular class session. If a requested session is full; however, you will have the option to be placed on a waiting list for the desired class or the opportunity to choose another available session.

Listed below are the various class sessions being offered for the upcoming 2020-2021 school year:
